

### Technical Data

#### General

|                           |    |                   |
|---------------------------|----|-------------------|
| Design                    |    | orifice           |
| Mounting position         |    | as desired        |
| Mounting type             |    | cartridge orifice |
| Ambient temperature, max. | °C | -20 ... +60       |
| Weight                    | kg | 0,01              |

#### Hydraulic

|                                   |                    |   |
|-----------------------------------|--------------------|---|
| Hydraulic fluid                   |                    | mineral-oil based according to DIN 51 524 |
| Viscosity range                   | mm <sup>2</sup> /s | 10 ... 2 000                              |
| Hydraulic fluid temperature range | °C                 | -20 ... +80                               |
| Contamination level               |                    | NAS 1638, class 9                         |
